

AGATA PA?ACH-BO?EK - biography.

Visual artist, illustrator, designer. She studied Architecture at the Krakow University of Technology (diploma 2015) and Painting at the Academy of Fine Arts in Kraków. The inspiration for her paintings and drawings is utopian and visionary architecture, impossible to implement but aimed at expressing ideas and emotions. Such designs of buildings and spaces are, by definition, unrealistic, and their main goal is to face a theoretical problem or explore worlds that are inaccessible in the present.
